

SEGNO SMALL

CATENARY SYSTEM

Fixture Type:

Project Name:

Notes:

General Information:

Segno Small light designed for precise architectural and landscape illumination, combining minimalist design with high-performance durability. Constructed from AISI 316L stainless steel and high-resistance extruded aluminum, with tempered glass optics and silicone gaskets, it delivers reliable operation in demanding outdoor environments and is fully protected with an IP67 rating.

The adjustable head allows accurate beam aiming, while multiple beam angles, color temperatures, and control options—including ON/OFF, 0-10V, DALI, and Casambi—provide flexibility for a wide range of applications. Ideal for highlighting trees, façades, pathways, and architectural details, the light offers refined aesthetics, robust construction, and long-lasting LED performance.

Voltage:

110-277V

Material:

Stainless steel AISI 316L
Extruded aluminum EN AW-6063 T5 high resistance to oxidation

Lighting:

LED

IP Rating:

IP 67
