NOTES:

#### GENERAL INFORMATION:

Micro Segno Spot 25 is a compact outdoor micro spot light designed for precise architectural and landscape illumination, combining minimalist design with high-performance durability. Constructed from AISI 316L stainless steel and high-resistance extruded aluminum, with tempered glass optics and silicone gaskets, it delivers reliable operation in demanding outdoor environments and is fully protected with an IP67 rating. The adjustable head allows accurate beam aiming, while multiple beam angles, color temperatures, and control options—including ON/OFF, 0–10V, DALI, and Casambi—provide flexibility for a wide range of applications. Ideal for highlighting trees, façades, pathways, and architectural details, the Micro Segno Spot 25 offers refined aesthetics, robust construction, and long-lasting LED performance.
