GIO
POLE
GARDEN

Fixture Type:

Project Name:

Notes:

General Information:

With a clean contemporary profile and durable seamless construction, the GIO is engineered for reliable outdoor lighting performance in demanding environments. Its advanced composite material system resists corrosion, impact, and UV exposure while maintaining long-term visual consistency.

Integrated Class II insulation and maintenance-free construction support safe, efficient operation across a wide range of public applications.

Applications: commercial developments, pathways, urban landscapes

Material:

Resin + Expanse + Steel

IP Rating:

IP 55

Due to the dynamic nature of lighting products and the associated technologies, luminaire data on all specification sheets is subject to change at the discretion of Gordon Bullard LLC and associated companies.
