**ARCU**  
POLE  
GARDEN

Fixture Type:

Project Name:

Notes:

**General Information:**

Combining traditional styling with advanced composite technology, the ARCU collection is designed to enhance public spaces with both durability and architectural character. Its seamless one-piece construction improves structural integrity while maintaining a timeless visual language.

Manufactured from shockproof steel-expanse-resin materials, the collection resists corrosion, UV exposure, and environmental deterioration without requiring maintenance or repainting. Available in multiple sizes and decorative configurations.

Applications: plazas, parks, heritage districts, pedestrian environments

**Material:**

Resin + Expanse + Steel

**IP Rating:**

IP 55

Due to the dynamic nature of lighting products and the associated technologies, luminaire data on all specification sheets is subject to change at the discretion of Gordon Bullard LLC and associated companies.
