FIXTURE TYPE: _____

PROJECT NAME: _____

-GLW.00.0899

-GLW.00.0900

-GLW.00.0901

GENERAL INFORMATION:

Series of bollards and poles with a minimal design available in various heights. Designed to illuminate squares, avenues and driveways, parks, walkways. Made of aluminum alloy with high resistance to oxidation subjected to treatment with nano-bonderite and protected with textured polyester powder coating, they make the product resistant to atmospheric agents and UV rays, guaranteeing maximum protection over the years. The silicone gaskets ensure maximum sealing in all operating conditions and temperatures. The opal polycarbonate diffuser makes it highly resistant to shocks and allows to obtain a homogeneous light distribution. The external screws are in stainless steel and on request it is also available in the vandal-proof version for installations on public grounds. The product is installed by means of pressure anchors to be screwed directly into the ground or by means of anchors embedded in concrete.

FIXTURE TYPE:

Urban Luminaires

LIGHTING

LED **LED**

VOLTAGE:

110-277V

MATERIAL:

Die-casting aluminum finishing

LENS:

B57

CRI:

80

IP RATING:

IP 65 **IP65**

IK RATING:

IK 07

BUILT FOR THE STORM
