THE MONOCOLO

Park/Urban/Garden Pole Luminaires

FIXTURE TYPE: _____

PROJECT NAME: _____

-M.00.600

-M.00.601

GENERAL INFORMATION:

Series of spot lights to be mounted on floor, wall, spike, tree with belt or on a pole system. Available in various sizes inclinable on the vertical axis, they are designed for lighting facades, small, medium and tall trees, bushes, statues, columns and other architectural elements in general thanks to a wide range of optics and wattage. MONOCOLO comes with a series of accessories that ensure different type of mounting and beam control. The body and diffuser closure ring are constructed of high oxidation resistant aluminum alloy which is subjected to nano-bonderite treatment and finished with textured polyester powder paint, making the product resistant to atmospheric agents and UV rays, guaranteeing maximum protection over the years. Silicone gaskets ensure maximum sealing in all operating and temperature conditions. The ultra transparent tempered sodium calcium glass diffuser ensures maximum light transmittance and is finished with a silkscreen border. All the external screws are in stainless steel.
