**MR.  
TRAVERTINE**  
Bollard

Fixture Type:

Project Name:

Notes:

**General Information:**

Mr. Travertine is crafted from solid natural travertine marble and integrates energy-efficient LED technology with adjustable color temperature. The result is a refined balance between raw material authenticity and contemporary minimalism, delivering both architectural presence and technical performance.

Designed for the illumination of pathways, squares, and entrance areas, Bastion functions as a robust outdoor luminaire with a clean, monolithic silhouette. It is available in two overall heights: 22.2" and 39.9", allowing flexibility across different spatial scales and landscape concepts.

The 20W LED bollard supports standard on/off switching or DALI control for seamless integration into advanced lighting management systems. Integrated aluminum lampshades diffuse the output, minimize glare, and reinforce the product's modern aesthetic. Illumination is distributed evenly in a full 360° pattern from the mounting point, ensuring consistent ambient lighting coverage.

**Voltage:**

110-277V

**Material:**

MARBLE, DIE-CASTING ALUMINUM, SAFETY GLASS

**Lighting:**

LED

**IP Rating:**

IP 65

**IK Rating:**

IK 08

**Appliance Class:**

I

Due to the dynamic nature of lighting products and the associated technologies, luminaire data on all specification sheets is subject to change at the discretion of Gordon Bullard LLC and associated companies.
